### How to Deposit and Withdraw

**Notice:** At this time, conversions are limited to 300 denominations (notes) per transaction.

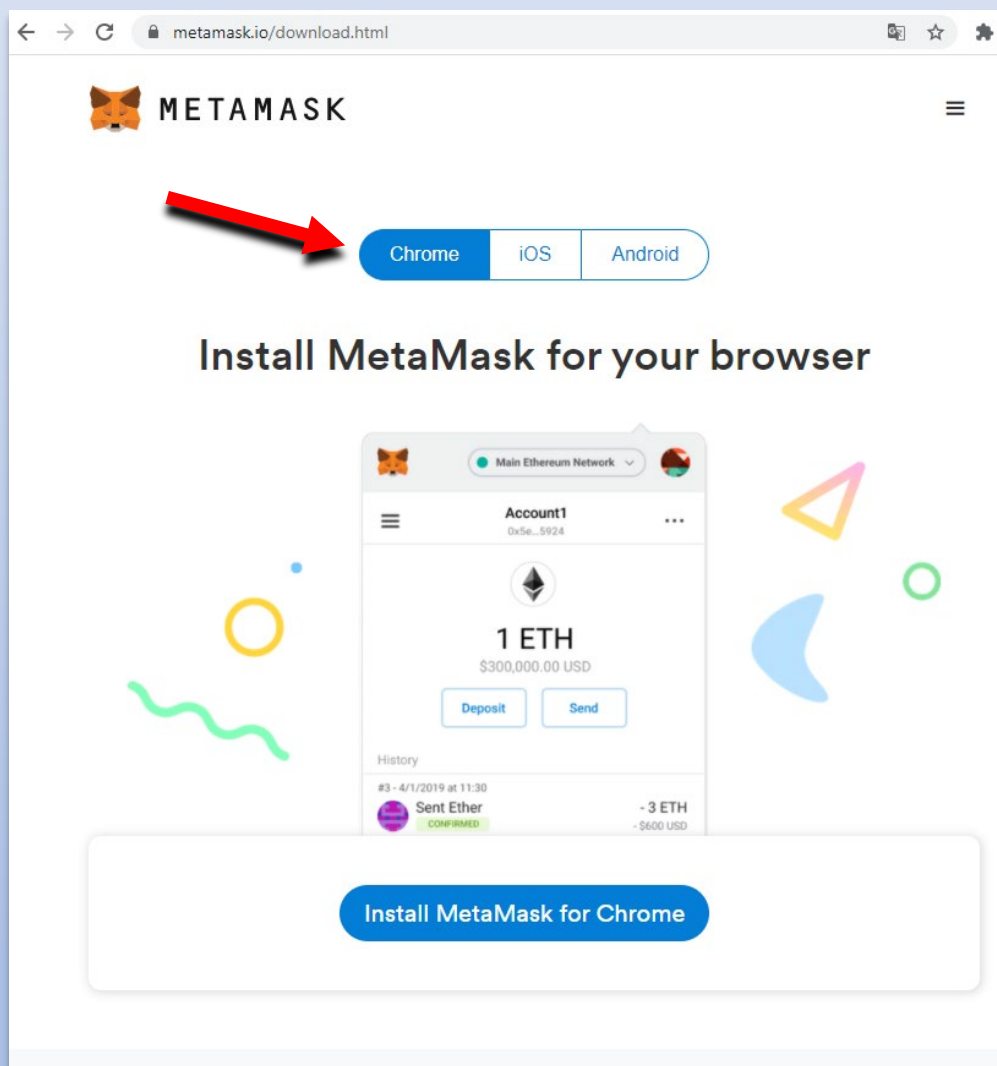

These can be any combination of 300 x 1, 5, 25, 100, or 250 CloudCoin denominations.

## How to Deposit and Withdraw CloudCoin Tokens

**METAMASK SET-UP** (Skip this step if you have already installed Metamask).

### 1. Install Metamask

Go to the Metamask website <https://metamask.io/download.html> and click "Install Metamask for Chrome".

2. Click "Add to Chrome" blue button.

3. Click "Add Extension" to confirm.

4. Now you can see that the extension is installed in the top right corner.

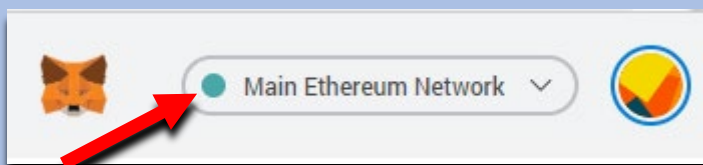

5. Click on the icon and open the extension.

6. Read and agree with Terms and Conditions.

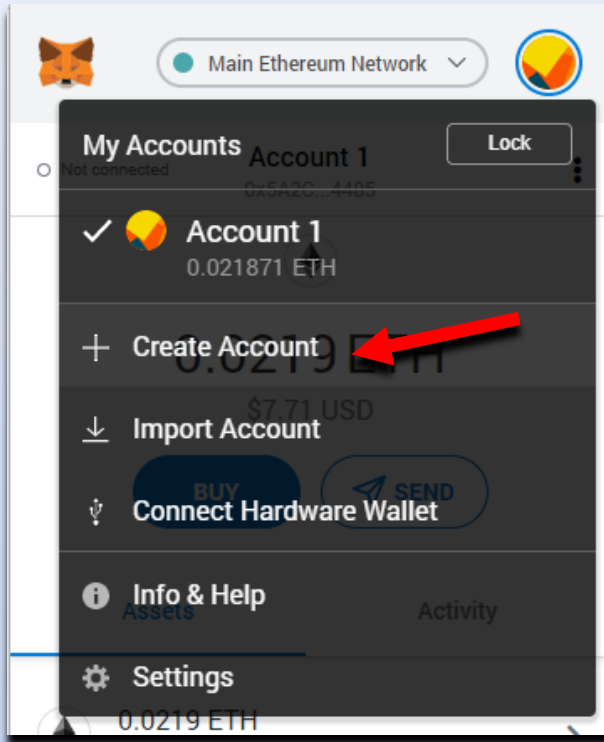

7. Click "Create New Vault".

8. Metamask will ask you to enter your password and 12 words to restore your password.

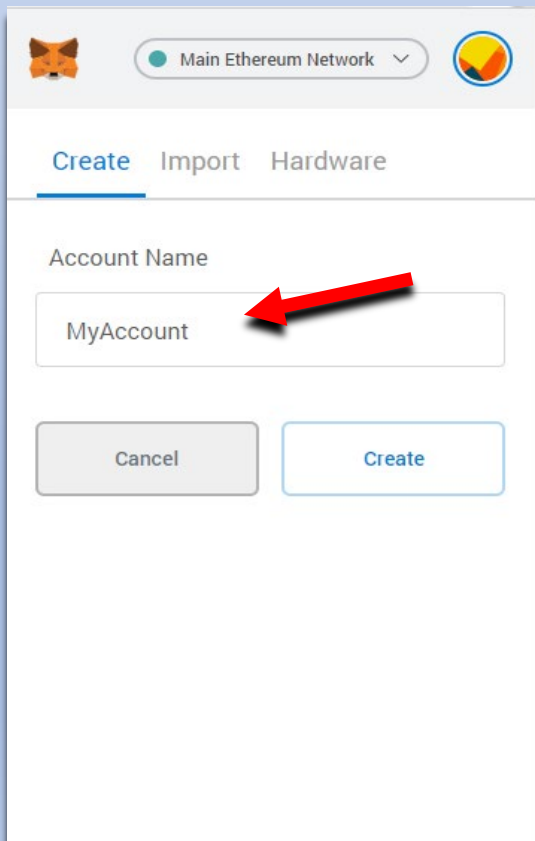

9. Choose "Main Ethereum Network" on the top.

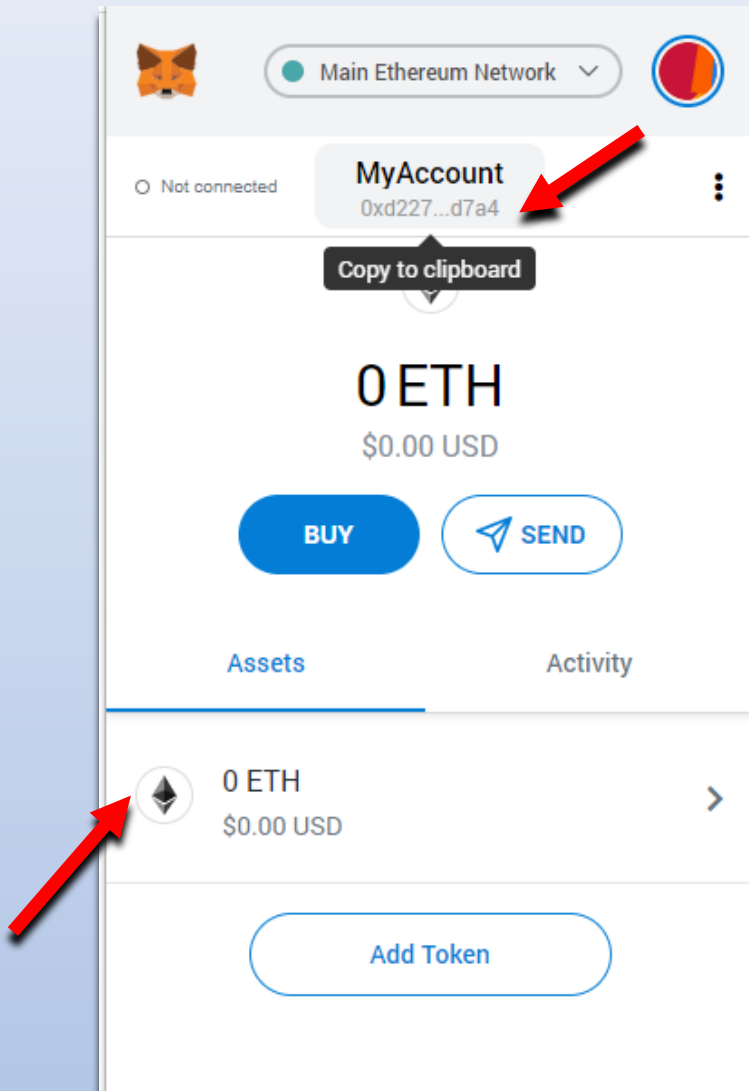

10. Click "Create Account" on the top menu.

11. Type in your account name.

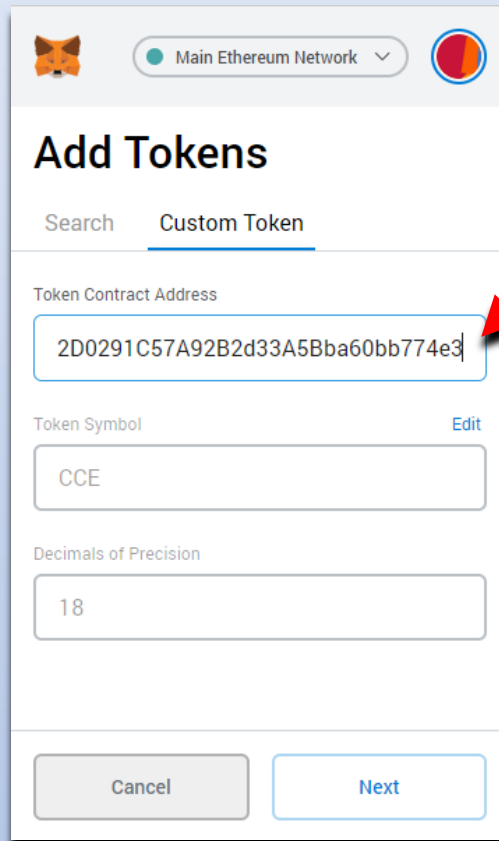

12. Copy and paste your new account address.

15. Click "Next".

16. Click "Add Tokens".

17. Restart the browser and go to the <https://raida.tech> website.

18. Click on the Metamask icon again and unlock the account with your password.

## DEPOSIT CCE TOKENS TO YOUR ADDRESS

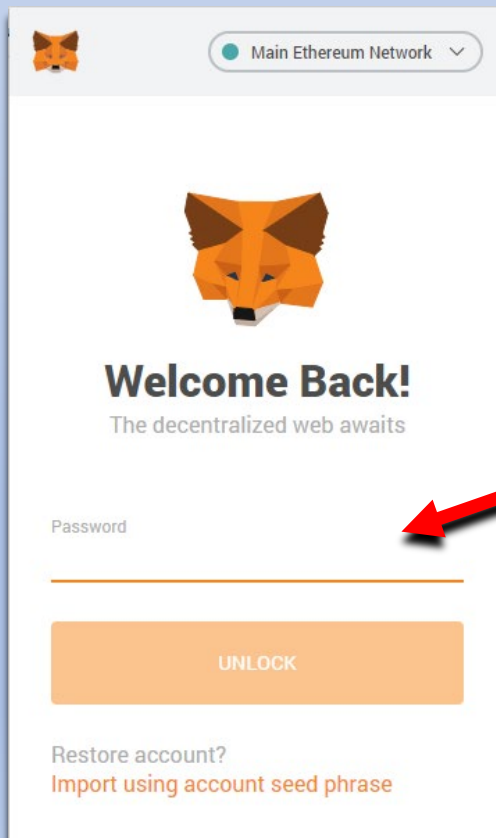

1. Go to <https://raida.tech/eth/deposit.php> page.

The screenshot shows a web form titled "1 CC = 1 CCE" with the subtitle "Convert CloudCoins to CloudCoin Ethereum Tokens". It features three input fields: "Qty. CC to Convert" with a value of "100", "Your ETH Address", and a blue "Convert" button. Three red arrows point to the "Qty. CC to Convert" field, the "Your ETH Address" field, and the "Convert" button.

Type in the amount of CloudCoins you want to transfer in the 'Qty. CC to Convert' field and your Eth Address in the 'Your ETH Address' field.

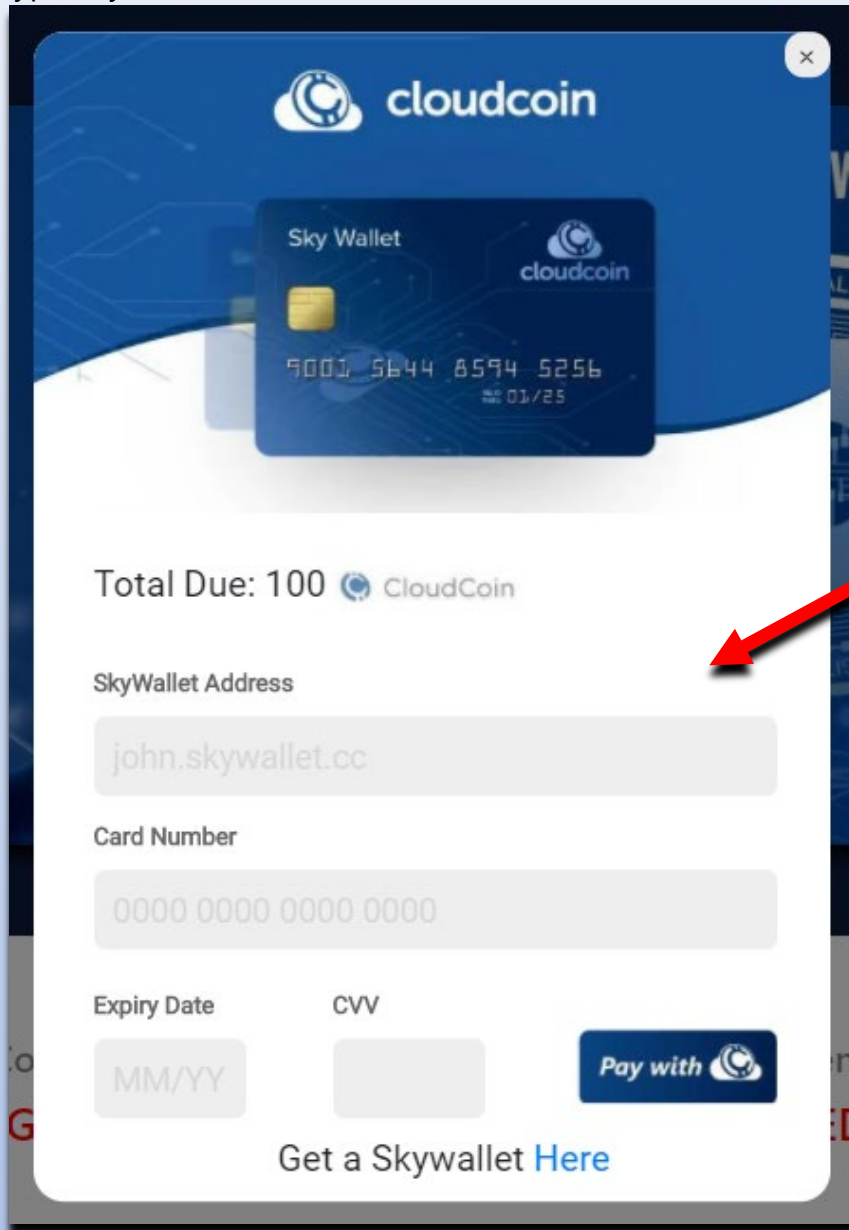

2. If Metamask windows shows up, unlock your account again.

The screenshot shows the Metamask mobile interface. At the top, it says "Main Ethereum Network". Below that is the Metamask fox logo and the text "Welcome Back! The decentralized web awaits". There is a "Password" input field with a red arrow pointing to it, and an orange "UNLOCK" button below it. At the bottom, there is a link that says "Restore account? Import using account seed phrase".

3. Type in your Debit Card Data:

The screenshot shows a mobile payment interface for CloudCoin. At the top, there is a blue header with the CloudCoin logo and the text 'cloudcoin'. Below the header is a blue Sky Wallet card with the CloudCoin logo and the text 'Sky Wallet'. The card number is 5001 5644 8594 5256 and the expiry date is 01/25. Below the card, there is a white form with the following fields: 'Total Due: 100 CloudCoin', 'SkyWallet Address' (with the value 'john.skywallet.cc'), 'Card Number' (with the value '0000 0000 0000 0000'), 'Expiry Date' (with the value 'MM/YY'), and 'CVV'. A red arrow points to the 'SkyWallet Address' field. At the bottom right of the form is a blue button labeled 'Pay with' with the CloudCoin logo. Below the form is a link that says 'Get a Skywallet Here'.

- SkyWallet Address
- Card Number
- Expiry Date
- CVV

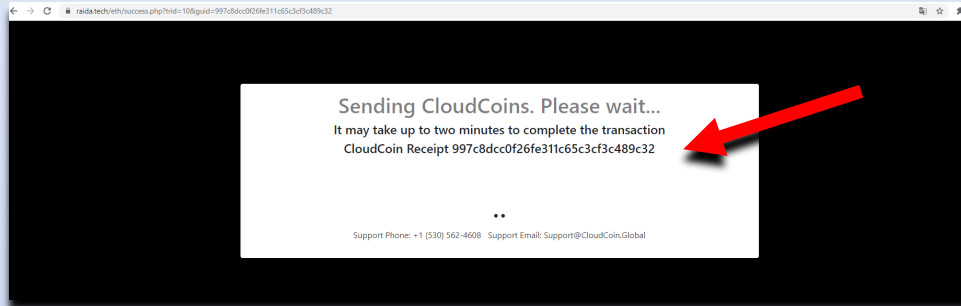

4. Click 'Pay with CloudCoin' button.
5. Wait until transaction completes.

- You will be redirected to the success page. Remember the GUID of the transaction and the URL address of the page.

Example:

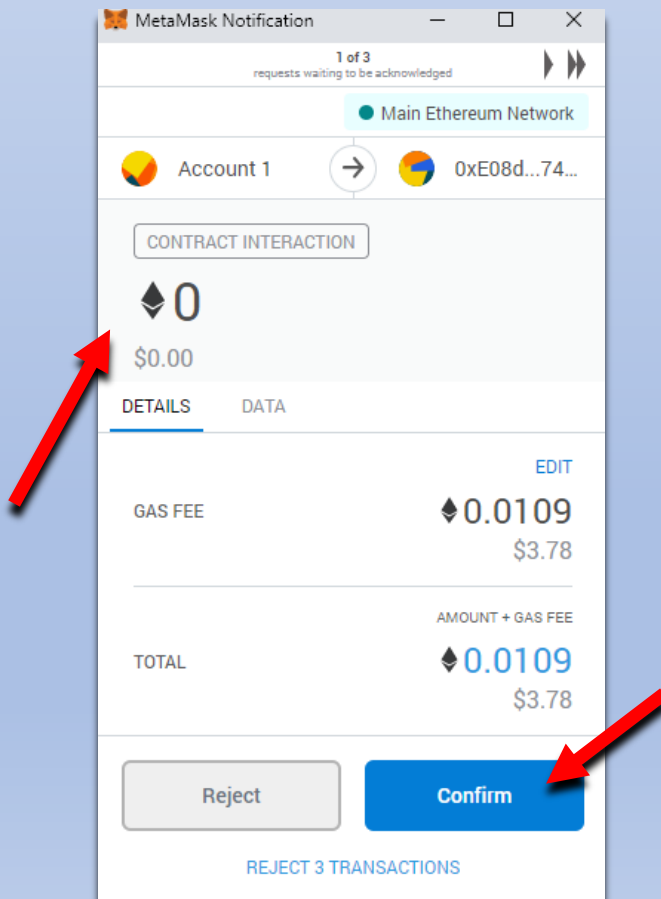

<https://raida.tech/eth/success.php?trid=10&guid=997c8dcc0f26fe311c65c3cf3c489c32>

GUID 997c8dcc0f26fe311c65c3cf3c489c32

If for some reason you can't continue the transaction now you can use this URL later to complete it. Copy the URL for future reference.

- When Metamask window shows up click "Confirm".

Don't mind the zero amount. It is because you are sending zero amount to the contract itself, but you are sending data within the contract.

You can see encoded data under the "Data" tab.

**WARNING:** GAS FEE amount will be deducted from your ETH Wallet.

8. After you click Confirm button the ETH-transaction ID will show up on the screen. You can copy this transaction ID and monitor its status on <https://etherscan.io>.

## WITHDRAW CCE TOKENS TO YOUR SKYWALLET

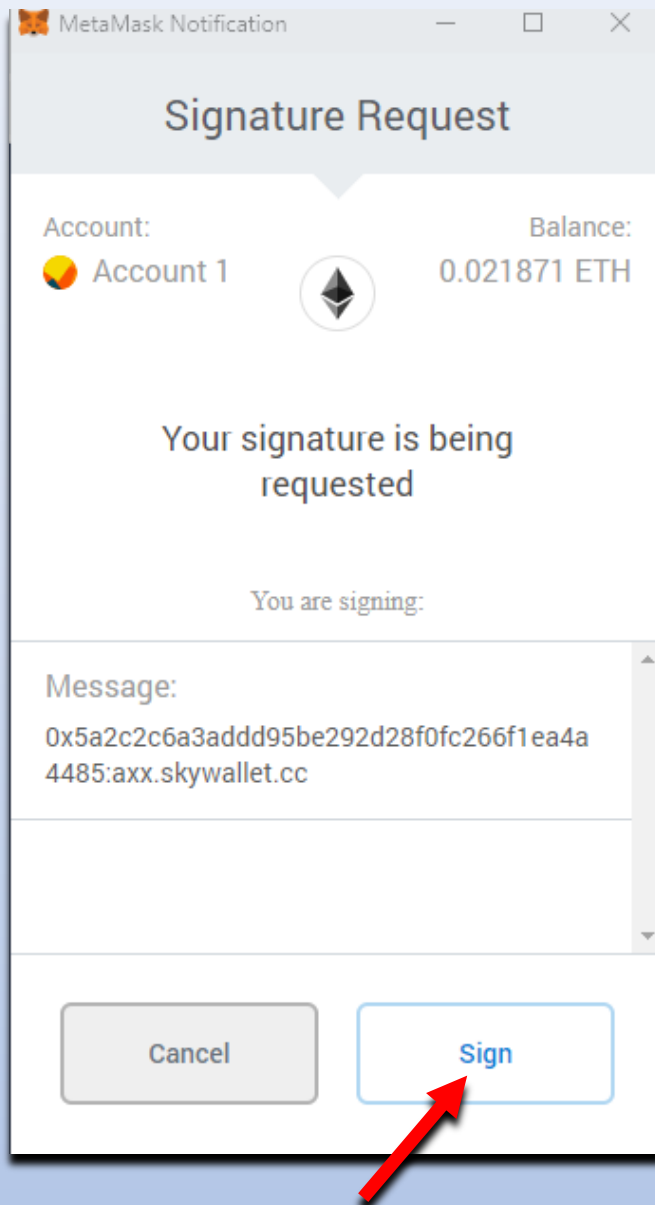

1. Go to the <https://raida.tech/eth/withdraw.php> webpage.
2. Type in the amount of CCE tokens you want to withdraw from your CCE Account.

1 CCE = 1 CC
